

Living with integrity presents the daily challenge of keeping our lives congruent with the Light – in essence, living in Truth. Our choices in how we use our time should be consistent with what we believe, but there are many factors (financial, family, health...) that influence our decisions.

EARNING A LIVING, PURSUING A CALLING, HOW WE DISCERN WHAT WE DO...

We will explore how each of us, through different life stages, lives with integrity and contributes to the transformation of the world. This discernment could address a range of ways we spend our time such as:

- Paid work
- Volunteerism
- Activism
- Family
- Relationships
- Stewardship
- Self-care
